

Happy Thanksgiving To All!!

Smith Family Newsletter
November 2017- Page 1

Well, we all know what this month is all about! Bob & I celebrated Thanksgiving with friends and neighbors here at Lakeside Crossing. A caterer came to Lakeside and provided a full Thanksgiving dinner for all who signed up at a very reasonable price. We sat with our dear neighbor, Doris and her family and had a great time. In fact I was having such a good time, I forgot to take pictures!! Oh well!! Afterwards we went home and watched the Thanksgiving Day Parade (Bob recorded it while we were at dinner). What is Thanksgiving without the parade? I took pictures here! Bob loves his turkey, so he talked me into cooking our own the other day.

Earlier in the month we had a visit from Bill & Peg, members of our HR Motor Home Family on the road. They are on their way to Florida and are considering selling their motor home and settling in Florida. A big decision and timing is everything. Needless to say, we really enjoyed our time with them.

Last, but not least was our time spent at the South Carolina State Park Pier, where we watched the horses on the beach early in November. The American Heart Association sponsors this event, each year in Myrtle Beach, to raise money for research. We picked the right day, with great weather, and at the peak of the event. This was the 36th year for this event and a total of \$290,882 was raised. As some of you know, I love horses and really enjoy watching them. The state pier is a great place to watch it from. It was a 4 mile run along the beach and there were well over a thousand horses participating.
