

Welcome Spring!!

Smith Family Newsletter
April 2021—Page 1

What a great “Spring” !!!! The weather has been beautiful, and the covid-virus is slowing down!! People are beginning to get outside and do things. We all continue to help each other ‘pick up the pieces’ after a very traumatic year!

A happy event for us this month was a visit from Kevin, Bob’s son & Maria, Kevin’s girlfriend. We were supposed to see them a year ago, but needless to say, the *covid virus* virtually screwed up that plan! Maria was the victim. Thank God she is fine now! There are pictures below of their *relaxing* visit with us this year!

Bob & Kevin talked about a few tasks that Bob would appreciate his help, and pruning the palm trees was one. Being that both Bob and Kevin are Veterans, we also took Kevin to see the new VA Outpatient Care building in Myrtle Beach.

In the top picture, Kevin is trimming the Palm Tree trunks. In the lower picture Maria is picking up the debris. Great team! Thank you Kevin & Maria!! Hope to see both this Summer to do some local touring!

Inside the VA Clinic, waiting area with treatment areas on the right.

Above is our first Duck Family this year in the lake behind our home.

Below is Minnie relaxing in her cat bed, checking out the activity on the lake.
