

(May 2005)
Rayne, LA

Well, welcome to 2021, and we hope everyone is doing well in spite of the pandemic! I have decided to keep an up note in this newsletter, because we need it!

Again, I think I will continue following my plan to re-view our travels around this country, in particular, the time frame prior to this Newsletter. I really want to share some of what Bob & I saw and experienced during this time period. I believe we left off with Christmas in 2004. We were in Rayne, LA celebrating Marti Gras in 2005 with our Holliday Rambler Family!

January 2021—Page 1

Well, I think these pictures speak for themselves. We had a fun time! On the next page you will see some of these costumes and the local parade.

Hope you enjoyed this this month's letter!
Stay safe and well!
