

Merry Christmas and Happy New Year!!!

**Smith Family Newsletter
December 2021—Page 1**

Needless to say, this newsletter is way late, especially considering the time of year we are talking about! There is no doubt in my mind that most of you have other things on your mind, like the pandemic and the potential health issues associated with it on our families! For most of us, the normal celebrations took a back seat causing us to stay home and out of the main stream. We stayed home most of the time and took necessary precautions! We were, and continue to be, careful when we go anywhere. Together, lets pray that the cause and solution to this experience is found, so it does not happen again! I think you know what I am talking about. Completely natural it is not!!

Meanwhile, I will fill you in on a few things we did experience in December. Each year, Conway has a parade through the city to celebrate Christmas and the end of the year. We usually watch it from the Conway Museum, upstairs through the big windows, where it is warm. The museum puts some snacks out on a table while we watch. As members we are invited. There is only one picture because my camera's battery died. At the end, Bob took a picture of the cars parked in front of the Museum with his phone. That was an after thought!

Also at the Museum, we attended a talk on archeological findings in the area. We often attend various presentations at the Museum, which are interesting.

The last picture is of two ice cream trucks, parked in front of the Club House at Lakeside, giving out free ice cream to residents as a thank you for putting up with the inconvenience of them installing *fiber optic cables*.

Merry Christmas!!!

Happy New Year!!!
